

Why you need our protection:

- Protect delicate threads during shipment and storage
- Keep ports free from contamination
- Use for low-pressure testing
- Mask off areas during finishing processes
- Increase life of your hoses

Hydraulic Fittings and Components Protection

Fittings/Applications:

- SAE
- NPT
- JIC
- UN/UNS
- Metric
- British Standard
- Flared/Flareless
- Flanges
- Valves
- Pipe Ends
- High-Pressure Hoses
- O-Rings and Gaskets

Item	Series	Description	Thread Protection	Fitting Protection	Hose Protection	Pump Protection	Flange Protection
	ADP	Threaded aluminum plugs for flareless tube and hose assemblies	X	X			
	AFO	Threaded aluminum plugs for flat-faced O-ring hydraulic fittings	X	X		X	
	ASC	Threaded aluminum caps for threaded flared fittings	X	X			
	ASP	Threaded aluminum plugs for 37° flared fittings and straight-threaded ports	X	X		X	
	CD	Threaded plastic caps for flared JIC fittings	X	X			
	CD-M	Threaded plastic caps for metric fittings	X	X			
	CPT	Center pull-tab tapered plugs	X	X			
	CSW	Sleeve-Web® netting				X	X
	CXT	Center cross pull-tab plug	X	X		X	
	EC	Caps for threaded connectors	X	X			
	ECP	Ergonomic center pull-tab plug	X	X		X	
	ETV	Flexible vinyl external thread plugs	X	X		X	
	FCO	Flat-faced O-ring caps	X	X			
	FF	Caps for flanged and flange-mounted fittings					X
	HC	Hose caps			X		
	HSF	High pressure split-flange covers					X
	L	Lift-tab tapered plugs	X	X		X	
	PDF	Threaded plastic plugs for flat-faced O-ring hydraulic fittings	X	X			
	PDH	Threaded plugs for flat-faced O-ring hydraulic fittings	X	X	X	X	
	PDI	Threaded plugs for inverted flared fittings	X	X			
	PDO	Plastic threaded plugs for SAE O-ring ports	X	X		X	
	PIP	Push-in-plugs	X	X		X	
	PIP-TAB	Push-in-plugs with pull-tab	X	X		X	

Item	Series	Description	Thread Protection	Fitting Protection	Hose Protection	Pump Protection	Flange Protection
	PO	Push-on, straight-thread caps	X	X		X	
	RC	Caps for threaded connectors	X	X			
	RCL	Long-threaded connector caps	X	X			
	RP	Threaded plugs	X	X		X	
	RPO	Threaded plugs for SAE straight-threaded ports	X	X		X	
	SC	Sleeve caps for tube ends	X	X			
	SF	Caps for split-flange connections		X		X	X
	SFP	Covers for split-flange connections		X		X	X
	SHG	Standard hose guard			X		
	SW	Sleeve-Web® netting		X		X	X
	SWI	Sleeve-Web® netting with rust inhibitor		X		X	X
	T	Tapered caps and plugs	X	X		X	
	TPN-F	Square-head threaded plugs with flange	X	X		X	
	TPSD	Threaded plugs with square drive	X	X		X	
	TUV	Flexible tear-tab caps	X	X		X	
	TV	Tapered vinyl caps and plugs	X	X		X	
	UPP	Universal pull plug series	X	X		X	
	UTP	Universal thread plugs	X	X		X	
	VAS	Vinyl American Standard Association flange protectors				X	X
	VC	Round vinyl caps	X	X		X	
	VF	Vinyl flange covers				X	X
	VSR	Vinyl snap ring flange covers				X	X
	WW	Tapered caps and plugs with wide, thick flanges	X	X		X	

NOTE: Die Cut capability for SAE flanges - PEHD & PEHD with foam backing for materials

Solutions for all your hydraulic protection needs

Leader in Product Protection

For more than 65 years, Caplugs has been the leader in product protection with 12,000 standard catalog parts and 400 million parts in stock and ready to ship. As a global manufacturer with a world-class sales and service team, Caplugs is your trusted source - developing plastic component solutions you can rely on.

Fitting Protection

Seal out contaminants and protect delicate threads with Caplugs' full line of plastic caps and plugs. Available in threaded, non-threaded, straight wall, tapered, tear-tab, pull-tab and more.

Hose Protection

Caplugs' line of hose guard and hose bend restrictors ensures hydraulic, pneumatic and high-pressure hoses are protected while operating in harsh environments. Use inexpensive hose protection now to save yourself time and money later.

Masking

Choose from a range of masking devices including caps, plugs, tapes or discs. Caplugs' masking products are available in a variety of materials, from silicone and Flex500® for high-temperature finishing processes to polyethylene and standard vinyl for lower temperature finishing or painting.

Pipe Caps and Flange Covers

From 1/2" to 64" in diameter, Caplugs' pipe caps and flange covers are designed to protect delicate pipe threads and flange surfaces during shipment and storage. These inexpensive parts are designed for ease of use, ensuring quick installation and removal.

Custom Designs

Caplugs' team of design engineers will work with you one-on-one from part conception and prototyping to production and packaging. Our range of processes and materials allows us to offer you a variety of solutions and provide you with the part you need at the price you want.
